

## Homework Policy

Homework assignments are directly related to the weekly skills which are being addressed during any given week. Regular assignments will be made Monday through Thursday. Additional and weekend homework may be assigned if classroom assignments have not been completed. There will be a language arts assignment AND a math assignment each day. A Reading Log will also be in the homework folder (to begin in October). Your child is to make an entry on the Reading Log every day, even on days when other homework is not assigned. If your child is reading chapter books, chapters or page numbers can be entered on the Reading Log. If there is any problem at all in completing the homework on time, please make note of it in the comments section of the Homework Chart. (A Homework Chart will also accompany the homework every day.) I will provide support in class in order to complete any challenging homework assignments.
